One month ago it was a down home community, now the number one focus for the F.B.I. Seven senseless murders and young girls drugged, taken from a county facility, then shipped from an abandoned nudist camp to buyers in foreign countries. Rae Hollister, long time canyon resident, successful businesswoman, animal advocate, discovers abused animals hoarded by psychotic Virgie Able. Reluctant to involve authorities fearing the animals will be destroyed, she offers her help, unaware Virgie is consumed by her own twisted vendetta. Determined to protect his town, Detective Formansverdrift contacts his friend, Sam Castillo, former F.B.I. for help. When Sam senses Rae could be the next target he hires guards for her protection. However, when the killer adds her to the count she is on her own.
