

Success Through the Magic of Personal Power

Ever feel desperate and confused, as if its just no use trying any longer? Within this book you will find some amazing ideas about the Power *yes, the Power* of a desperate condition. You will be clearly shown the way to turn confusion itself into a weapon for triumph. Thousands of others have vaulted skyward with this secret force and so can you. But what, precisely, do we mean by Power? Take as an example that universally admired character trait which is called daring. What fantastic worlds open magically before those who dare! That force alone conquered fame and fortune for men like Andrew Carnegie, Mark Twain, Albert Einstein, Hernando Cortez. As you will discover within these pages, the very same daring which won victories in their vastly different areas can guarantee your victory in your particular world. Rest assured that you will shortly be learning to use this force for your own prominence and enrichment. A commanding personality holds enchanting authority over people and circumstances. That is a worthwhile reason why you should start right now to build your personality-power. This is but a small portion of good things to come. Power for wondrous achievement will be a revealed secret, for it flows in abundance through the man or woman who takes but a bit of time to find it. The purpose of this book is to show you how to turn your many rightful desires into possessed treasures. The means by which you can achieve these miracles is through the discovery and use of your natural talents and skills and energies. More Power to you! That is what you can expect to receive and actually win. So ... from this page onward we will venture together toward the prize of more personal Power.
