

Jesusville

All of the characters in Jesusville have, in one form or another, lost faith--in God or the Church or the social order or themselves--and so are searching to reclaim what has been taken from them. I wanted to depict the emptiness at the heart of their lives, and the struggle for meaning that results. What better place for them to meet than a lonely outpost in the desert where man comes face to face with the seeming inconsequentiality of his existence? As their frustration intensifies, they resort to more desperate measures in their search which, in turn, exposes their vulnerability, their need for redemption and, ultimately, their humanity. According to Aztec legend, a rare and highly hallucinogenic variant of the sage plant, a cousin of Salvia Divinorum (Sage of the Gods), grows wild in the remote canyons of the New Mexico desert. Legend says the plant is so powerful when ingested that the user comes face to face with the living God. When Joshua Farleyvision-seeker and cult hero vanishes under mysterious circumstances while searching for the plant, his disciples gather in the desert to pray for his return. But they are not the only people looking for him and the elusive Jesus plant. A Bronx hood on the lam from the mob hopes to use the plant to barter for his life. A voluptuous teenage sexpot claiming to be Farley's mistress is determined to unravel the mystery of his disappearance. A budding journalist and religious skeptic plans to expose what he wants to believe is the fraudulent nature of the legends claims. Accompanying him is his photographer/girlfriend, as emotionally lost as she is beautiful. While he roams the mountains looking for Farley and the fabled plant, as well as for his lost faith, she confronts her own troubles in a nearby decaying Biblical theme park called The Holy Land. Among the other characters who populate this desert wasteland are: a disillusioned priest who is in charge of a

nearly-defunct refuge for troubled clergy and who longs to repair his faith damaged by the lonely desert nights; the refuges deaf-mute gardener and caretaker who stalks the ground by night with secrets of his own; and the son of Joshua Farley, Ezekiel, who wants to prove to his fathers disciples and to himself that he can be as worthy a leader as was his father. In the novels darkly comic, devastating conclusion most of these people find themselves trapped together as defendants in a twenty-first century version of Judgment Day.
