

Love, faults and thoughts

love, faults and thoughts is a vaguely connected trilogy of novellas that individually can be read in one sitting. Thoughtful, succinct fiction with the ability to draw the reader in, as well as letting them explore their own thoughts. A wonderful book to discover for yourself and pass on, but if further synopsis is required: postcards - Thoughts about his current life and past actions are provoked when the unnamed narrator starts receiving postcards from his ex-girlfriend sarah. but where exactly does that lead? come in and know me better man - Chris Jenkins is on the verge of making a compilation tape for a beautiful woman hes just met. but who is he? and what is it he has to offer?... an interactive novella and thoughtful road trip. storytelling - Do people have angels looking after them? are there such things as coincidences? just how should you feed ducks? the last of the novella trilogy promises more popular culture and a heart warming stab at redemption.

We are committed to supporting your family during their grief, recognizing that grief is personal to each individual. We acknowledge we cannot make the pain go away, but through our efforts, we can make the grief journey less lonely and perhaps.. a little easier. Excellence We will strive to create the most personal and meaningful tribute to the person who died and support any appropriate requests to commemorate the life that was lived. Attention To Details Whether the service is in our chapel, your church, home or at the graveside - we offer ideas and options to make each service unique. Value We believe you should be able to pay your respects without paying your life's savings, that's why we offer our Fair Price Guarantee. Dignity No matter what type of service you choose, your loved one will be cared for with the same dignity and compassion that we would extend to our own family. Compassion We, too, are walking the journey of grief in our own family. So we understand, in ways that only someone who has gone through a great loss, could possibly know.
