

## Mans Land: Feminist Peril in Americus

Genevieve Jester, a young feminist, is sent undercover by the U.N. Womens Rights Commission to investigate egregious abuses of womens rights by Americus, a male-dominated, sexist land of former American states possessed of the DeedapD, a supposedly infallible lie detector. The lie detector could determine an international political struggle between Americus and feminist America for control of a vetoempowered United Nations Security Council seat. Genevieve, unaware, is deceitfully used as a pawn to checkmate an English king crucial to the Security Council intrigue. She endures appalling anti-feminist indoctrination, but stays in Americus. Her brother-mysteriously associated with the king-is feared to be in danger. To effectively search for him she becomes a declared man deprived of sexual release, complicating her romantic attraction to a man of hidden allegiances. Unfolding developments keep Genevieve and those who care about her unsure of her survival. Fiendishly attacked and marked for death by her brothers enemies, Genevieve must resolve her infatuation, her brothers questioned virtue, and mixed feelings about Americus and its DeedapD. Y. B. Raymond is a former Assistant Attorney General of a southwestern state who now devotes his time to writing. He lives in Texas.
