

Millenarianism and Messianism in Early Modern European Culture Volume III

The influence of millenarian thinking upon Cromwells England is well-known. The cultural and intellectual conceptions of the role of millenarian ideas in the `long 18th century when, so the `official story goes, the religious sceptics and deists of Enlightened England effectively tarred such religious radicalism as `enthusiasm has been less well examined. This volume endeavors to revise this `official story and to trace the influence of millenarian ideas in the science, politics, and everyday life of England and America in the 17th and 18th centuries.
