

Mystery Beyond The Reef (Haleakaloha Adventures Book 49)

Mikhail Stavros had been surveying the far horizon through binoculars. Nothing but water. You sure there is an islet called Halekaiulani? Matt let the plane fly itself for a moment while he stretched luxuriously. He grinned at his friend. No faith. That's the trouble with you. No logic, that's the trouble with you, Mika countered. If there were such a place it would be called an island, not an islet. An eyelet is something in a shoe. Were on a wild-goose chase, I tell you! Seriously, do you expect to find treasure? Matt grinned. Depends on what you mean by treasure. As I recall, one definition is something rare or precious. Well, a chance to go scuba diving in the Hawaiian Islands is certainly that a rare and precious opportunity. At least I think so. On a treasure hunt, one hopes; one doesn't expect. Matt smiled to himself. Probably no Piilani expedition ever had started with such a flimsy excuse. According to the log of the Mano Kai, the ship had gone down before the pirates could locate a golden statue of Kamehameha, hidden by the barks captain. The statue weighed an hundred-weight. Certainly a hundred pounds of gold was worth going after. An exciting adventure story with many awesome cliffhangers where much of the action takes place beyond an underwater reef as Matt Ryan and Mika Stavros go searching for centuries old pirate treasure in the Hawaiian Islands Halekaiulani Island to be precise. While scuba diving and seeing the wonder of marine life Matt and Mika stumble across deadly spies. A thrilling science-adventure as a mystery of the treasure gets tangled up with a national security operation. Suspenseful, well-plotted, atmospheric, and enriched by humor and acute characterization as well as personal experience, *Mystery Beyond The Reef* by Robert R. Dahlgren is a fast-paced entertaining adventure that will keep the reader on tenterhooks to the very end.
