

Sightless

Deception is only seen from evils view... In a town called Carragefield, a curse and a vengeful murderer stalk the streets and the dreams of the young, ambitious, and courageous. Five of the towns boys happen to come across the local serial killer, who for months had only been considered a myth until five individuals are confronted by the mass killer for the first time. Little did they know this was the beginning of their worst nightmare. Not only do they become targets of the serial killer, they soon fall victims of a much greater force: a curse initiated by a dead witch who stalks them in their sleep and reality. What was thought to be real becomes a misguided illusion. Some regress, while the rebellious set out to seek the truth behind the curse and the true identity of the serial killer. Who will survive the curse of Carragefield, and who will come out alive?
