

Taking on the NFL: The National Martial Arts League

Football, baseball, and hockey are all franchised team sports in America. Why not martial arts? Martial arts has been a sport in America for over 70 years but has missed the opportunity to become a major league sport. Dexter Kennedy believes that can change. Dexter is ready to find his personal domain, after receiving a vision from God and a lifetime in the military, in which to become successful. He relies both on his military education and his faith in the Lord to receive the gift that he feels God has placed on his life. He strikes out to make his dream a reality. Taking on the NFL: the National Martial Arts League lays out the martial arts franchise concept in an easy to read and informational format inspiring others to join Dexter Kennedy in this exceptional opportunity.
