

Temporal Endeavor

Temporal Endeavor Book 3 of the Venture Trilogy Having successfully rescued the remainder of their people on Halcyon, the crew of the Orion were looking forward to a nice vacation. Then, preparations for the next Interstellar expedition would begin. At least, that was the plan . . . Entering the System, the Orion is attacked and things go downhill from there. A space battle, an assault on Logans Hole and a secret mission for Orion, are just the beginning. Past and Present collide, creating a future no one could predict. Garrak, Atlanteans and an insane AI force the crew of the mighty Starship Orion to new dangers and triumphs.
