

The Bruce: Being the Metrical History of Robert the Bruce, King of Scots (Classic Reprint)

Excerpt from The Bruce: Being the Metrical History of Robert the Bruce, King of Scots By reason of the archaic language in which it is written, Barbour's famous metrical history of The Bruce has long been a sealed book to all but expert students of ancient literature. It has now been translated for the first time in the hope that it may resume the popularity to which it is entitled by the splendid merits of its heroic tale. John Barbour has long been looked upon as the father of Scottish poetry, and he occupies almost the same position in the literature of North Britain as the author of the Canterbury Tales does in that of the south. The Bruce is the earliest great poem we possess in the vernacular of the country. Other early Scottish poems, like The Tail of Rauf Coilzear, The Awntyrs of Arthure, Sir Tristrem, and The Pystyl of Swete Susan, were written in the more inflected language and in the alliterative and accented verse-forms of an earlier time. It was Barbour's Bruce which first defined and fixed the language of Scotland in the shape it was to keep as a literary vehicle for two hundred years, and it was Barbour's Bruce which definitely committed the poetry of Scotland to metre and rhyme, instead of the older alliteration and accent, as its distinguishing features. These were exactly the services which Chaucer rendered to the literature of Southern Britain at exactly the same time. And exactly as Chaucer's work remains the classic or standard of the English language before Shakespeare's day, so Barbour's remains the classic or standard of Braid Scots during the same period, to the Union of the Crowns. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the

work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
