

Welcome To The Wonderful World Of Self-Publishing

This book answers the question, Should I self-publish or use a traditional publisher? I thought long and hard about the name and was originally going to call it The Bridge because I feel a bridge is needed between those who are uncertain about whether to write a book or whether what they have to say is of any importance. I feel that part of that uncertainty is because they don't know whether to self-publish or whether to use the traditional publisher route. I want this to be your bridge to making that decision, to taking that first step to crossing the bridge to indecision. With self-publishing, there's nothing to lose and a whole lot to gain as far as satisfaction, pride, self-esteem, passive income and more. Walk down that bridge with me and discover a whole new you if this is your first book. Discover the Wonderful World of Self-Publishing.
