

## Partners: The Beginning of the End

Alyssa Manfull is the Captain of the Texas Rangers, and her life, as well as the lives of her partners, is about to take a drastic change one that no one would ever have expected. It starts off as what seems to be a lucky break when two of Alyssa's best Rangers make one of the biggest busts in Dallas history. After the death of one of their own, Alyssa and her group of cops will band together to take down two big drug dealers trying to take over their city, but little do they know that in doing so they will seal the fate of the world and send it spiraling towards its doom. You've seen apocalyptic movies, T.V. shows, maybe even read a couple books, but in reading *Partners*, you will actually get a glimpse at the end. And be glad that it is only a glimpse. This is not going to read how you expect it to read. It's not going to say what you think it's going to say. The characters will not do what you imagine they'll do. I cannot and will not take responsibility for your reaction of what comes next. The world began and the world will end. This is *Partners: The Beginning Of The End*.
